

Paper Prototype

Task scenarios chosen for usability test

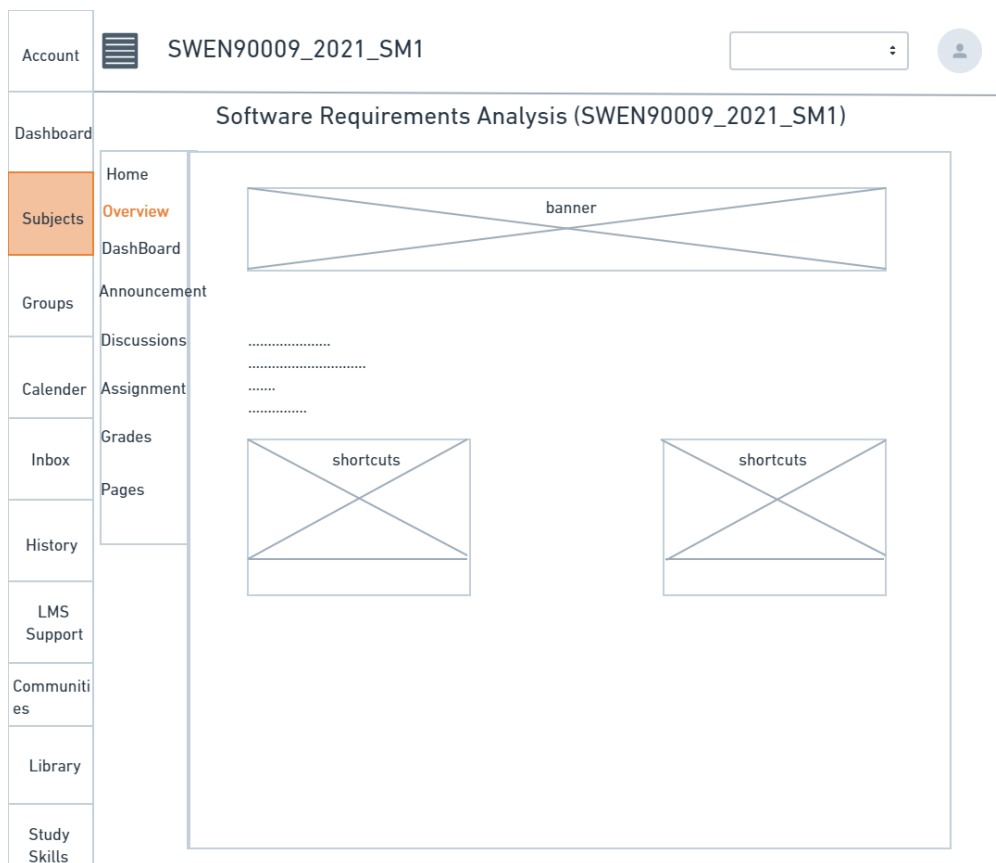

- As a Student, I want to be able to see the number of sessions and session duration, so that I know my active time
- As a Lecturer, I want to be able to activate the dashboard, so that students can have access to it
- As a Student, I want to be able to see the total number of discussion posts I created and the replies I get, so that I know my participation level for the subject
- As a Student, I want to be able to see the number of unread posts on the discussion board, so that I don't miss too much information
- As a Student, I want to be able to see the total number of visits for each page., so that I can know which part I focus on more
- As a Student, I want to be able to see the time spent on each page, so that I can adjust my learning strategy
